WEST OXFORD COMMUNITY RENEWABLES LIMITED

**DIRECTORS' REPORT
FOR THE YEAR ENDED 31 MARCH 2021**

The directors present their report and the financial statements for the year ended 31 March 2021.

Directors' responsibilities statement

The directors are responsible for preparing the Directors' report and the financial statements in accordance with applicable law and regulations.

The law governing Registered Societies requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Society and of the profit or loss of the Society for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies for the Society's financial statements and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Society will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Society's transactions and disclose with reasonable accuracy at any time the financial position of the Society and to enable them to ensure that the financial statements comply with the Co-operative and Community Benefit Societies Act 2014. They are also responsible for safeguarding the assets of the Society and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Directors

The directors who served during the year were:

R F Finar
B Hammond
S Huggins
A Lloyd
M McCulloch (resigned 13 October 2020)
A Vervuurt
P Spencer

This report was approved by the board and signed on its behalf.

WEST OXFORD COMMUNITY RENEWABLES LIMITED

**INDEPENDENT CHARTERED ACCOUNTANTS' REVIEW REPORT
TO THE MEMBERS OF WEST OXFORD COMMUNITY RENEWABLES LIMITED
FOR THE YEAR ENDED 31 MARCH 2021**

We have reviewed the financial statements of West Oxford Community Renewables Limited for the year ended 31 March 2021, which comprise the Statement of comprehensive income, the Balance sheet, the Statement of changes in equity and the notes to the financial statements. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

Directors' Responsibility for the Financial Statements

As explained more fully in the Directors' responsibilities statement set out on page 1, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view.

Accountants' Responsibility

Our objective is to express a conclusion based on our review of the financial statements. We conducted our review in accordance with International Standard on Review Engagements (ISRE) 2400 (Revised), 'Engagements to review historical financial statements' and ICAEW Technical Release TECH 09/13AAF 'Assurance review engagements on historical financial statements'. ISRE 2400 (Revised) requires us to conclude whether anything has come to our attention that causes us to believe that the financial statements, taken as a whole, are not prepared, in all material respects, in accordance with United Kingdom Generally Accepted Accounting Practice. ISRE 2400 (Revised) also requires us to comply with the ICAEW Code of Ethics.

Scope of the Assurance Review

A review of the financial statements in accordance with ISRE 2400 (Revised) is a limited assurance engagement. We have performed procedures, primarily consisting of making enquiries of management and others within the entity, as appropriate, applying analytical procedures and evaluating the evidence obtained. The procedures performed in a review are substantially less than those performed in an audit conducted in accordance with International Standards on Auditing (UK). Accordingly, we do not express an audit opinion on these financial statements.

WEST OXFORD COMMUNITY RENEWABLES LIMITED

**INDEPENDENT CHARTERED ACCOUNTANTS' REVIEW REPORT
TO THE MEMBERS OF WEST OXFORD COMMUNITY RENEWABLES LIMITED (CONTINUED)
FOR THE YEAR ENDED 31 MARCH 2021**

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the financial statements have not been prepared:

- so as to give a true and fair view of the state of the Society's affairs as at 31 March 2021, and of its loss for the year then ended;
- in accordance with United Kingdom Generally Accepted Accounting Practice and
- in accordance with the requirements of the Co-operative and Community Benefit Societies Act 2014.

Use of our report

This report is made solely to the Society's members, as a body, in accordance with the terms of our engagement letter dated 11 April 2018. Our review work has been undertaken so that we might state to the Society's directors those matters that we have agreed to state to them in a reviewer's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Society and the Society's members, as a body, for our review work, for this report or the conclusions we have formed.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2021**

1. General information

West Oxford Community Renewables Limited, Company Registration 30711R incorporated in England and Wales.

Registered Office; c/o SPX Oxford Limited, Peace House, Paradise Street, Oxford, OX1 1LD

Principal place of business; 2 Bluebell Mews, Oxford, OX3 9FZ

Principal activity is that of developing and operating community-owned renewable energy generation schemes.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and Republic of Ireland.

The following principal accounting policies have been applied:

2.2 Turnover

Turnover is recognised to the extent that it is probable that the economic benefits will flow to the Society and the revenue can be reliably measured. Turnover is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes. The following criteria must also be met before revenue is recognised:

Turnover is recognised at the point of supply of electricity and related services to customers.

2.3 Government grants

Grants are accounted under the accruals model as permitted by FRS 102. Grants relating to expenditure on tangible fixed assets are credited to profit or loss at the same rate as the depreciation on the assets to which the grant relates. The deferred element of grants is included in creditors as deferred income.

Grants of a revenue nature are recognised in the Statement of comprehensive income in the same period as the related expenditure.

2.4 Interest income

Interest income is recognised in profit or loss using the effective interest method.

2.5 Borrowing costs

All borrowing costs are recognised in the Statement of Comprehensive Income in the year in which they are incurred.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2021**

2. Accounting policies (continued)

2.6 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following basis:

Plant and equipment	-	4% & 25% Straight line
---------------------	---	------------------------

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss.

2.7 Valuation of investments

Investments in unlisted Society shares, whose market value can be reliably determined, are remeasured to market value at each balance sheet date. Gains and losses on remeasurement are recognised in the Statement of comprehensive income for the period. Where market value cannot be reliably determined, such investments are stated at historic cost less impairment.

2.8 Debtors

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

2.9 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

2.10 Creditors

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2021

2. Accounting policies (continued)

2.11 Provisions for liabilities

Provisions are made where an event has taken place that gives the Society a legal or constructive obligation that probably requires settlement by a transfer of economic benefit, and a reliable estimate can be made of the amount of the obligation.

Provisions are charged as an expense to profit or loss in the year that the Society becomes aware of the obligation, and are measured at the best estimate at the Balance sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the provision carried in the Balance sheet.

2.12 Current and deferred taxation

The tax expense for the year comprises current and deferred tax. Tax is recognised in the Statement of comprehensive income, except that a charge attributable to an item of income and expense recognised as Other comprehensive income or to an item recognised directly in Equity is also recognised in Other comprehensive income or directly in Equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the balance sheet date in the countries where the Society operates and generates income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the Balance sheet date, except that:

The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits; and Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

2.13 Financial instruments

The Society only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in ordinary shares.

2.14 Interest

Equity interest is recognised when it becomes legally payable following its approval by directors of the society.

WEST OXFORD COMMUNITY RENEWABLES LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2021**

3. Employees

The average monthly number of employees, including directors, during the year was 6 (2020 - 6).

4. Interest paid on equity capital

During the year interest of £13,000 (2020; £13,482) accrued to the members of the society.

Tax losses carried forward	5,636	<i>5,199</i>
	<u>(17,924)</u>	<i><u>(16,391)</u></i>

13. Hogacre Common Eco Park

West Oxford Community Renewables Limited has held the lease on land that was formerly Corpus Christi College Sports Ground since 2010. For the first two years West Oxford Community Renewables Limited was liable for all operations and running costs associated with the land and the pavillion. In 2012 a separate community interest company was formed, Hogacre Common Eco Park, to manage the operation of the project. Running costs are paid for direct by Hogacre. West Oxford Community Renewables Limited still receives invoices in respect of the lease, but then reclaims the costs from Hogacre. Legal costs are shared between West Oxford Community Renewables Limited and Hogacre. In 2020/21 the costs of Hogacre to West Oxford Community Renewables Limited totalled £1,400 (2020; £1,400) and costs of £1,400 were reimbursed (2020; £1,400).
